Note.—In some cases animals listed above have later been properly recorded. Also in the case of certificates from the Hartman Stock Farm Registry Record Company pure bred licenses have been issued where the foreign certificates have been presented. Besides the certificates listed above there have been a great many more which the owners learned, from reading the law, would not be accepted and so were not presented to the office of the Registration Board. There have also been horses which have been advertised as pure bred but which have had no certificate of any sort in proof of their claims. In some of these cases the owners have tried to obtain pure bred license without the certificates while in others the owners made no attempt to obtain a pure bred license. In no case has any pure bred license been issued until a certificate from a recognized association has been presented at the office of the Registration Board, examined and approved.
